Nature Prints & More!

6 weeks • \$100 + materials (approx. \$20)

THURSDAYS 6-8PM

Oct 1 - Nov 5 **KA-NAT**

Get funky with texture! We'll make small nature inspired colligraph prints covering the basic principals of Intaglio/colligraph technique using non-toxic archival materials. Class will include a 1-2 week exciting field trip to my studio in beautiful Lisbon, CT.

Instructor: Kate Algieri

- NEW -

Collage

1 day workshop • \$65 + \$30 materials

SATURDAY, OCT 10 • 10AM-5PM **CD-COLL**

Bring some of your own materials and use mine too. We will create unique art by combining various materials on a stiff foam core backing. No artistic ability required, just a vivid imagination. Got a broken watch at home? Bring the pieces! Leave with 3 pieces of art, one of them matted and ready to frame.

Instructor: Carol Dunn

Fine Silver Precious Metal Clay

1 day + follow up workshop • \$70 + materials (approx. \$60)

10% discount when you register for both Fused Glass Cabs & Components and PMC classes!

SATURDAY, OCTOBER 17 • 9AM-4PM

FRIDAY, OCTOBER 23 • 6-9PM **KF-PMC2**

This class is designed for both the experienced student AND for those new to PMC! Create pendants, earrings, and other jewelry components out of this unique fine silver clay! Beginners will be introduced to the basics while new techniques will be presented to those who have taken previous PMC workshops. Follow up class will cover finishing techniques and provide more time for creation.

Instructor: Kristie Foss

- NEW -

Photoshop Elements 6 or 7 for Very Beginners

4 weeks • \$100

MONDAYS 6-9PM

Oct 26 - Nov 16 **CD-PHO**

Have you tried to use Photoshop on your own and ended up mystified? Learn the very basics of Photoshop Elements 6 or 7, enough to organize and touch up your photos. Mouse and Windows or MAC proficiency required. A list of Specific topics covered will be sent prior to first class and there will be time in class to work on a personal project. A syllabus and all photos used in class will be provided so you can repeat the class on your own as often as you like.

Instructor: Carol Dunn

- NEW -

Polymer Clay Swirled Lentil Beads

1 day workshop • \$30 + materials (approx. \$20)

WEDNESDAY, OCT 28 • 6-9PM **KF-POL1**

Dive into the world of Polymer clay, a colored clay great for sculpting, creating jewelry, and so much more! Learn how to create both swirled lentil beads and twisted tube beads.

Instructor: Kristie Foss

- NEW -

Polymer Clay Intro to Skinner Blends and Canes

1 day workshop • \$55 + materials (approx. \$20)

SATURDAY, DEC 12 9AM-4PM

KF-POL2

Polymer clay has so much to offer, and the colors you can create are endless! Learn to create Skinner blends, then use these blends to create various canes including a leaf design. We will also explore ways in which to use the cane to create beads. Embark on your journey into the world of polymer clay possibilities!

Instructor: Kristie Foss

- NEW -

Creative Scrapbooking

4 weeks • \$65 + \$25 materials

WEDNESDAYS 6-8PM

Nov 4 - 25 **MM-CSB**

Put the 'creative' in your scrapbooks. Set aside your store bought albums, patterned paper, stickers and embellishments. We'll use paint, rubber stamps, ink and other art materials to create an 8x8 scrapbook, which we will bind ourselves! Not a scrapper? These techniques are great for cards and other paper crafts too! Bring 10-15 photographs.

Instructor: Marion Moebus

- NEW -

Gelatin Printing

1 day workshop • \$65 + \$35 materials

SATURDAY, NOV 7 10AM-5PM **CD-GPR**

Play with your food! Using gelatin plates, we will ink them using water-based inks, press plants and other objects lightly onto the surface and print the impressions left behind. No press needed, we will use our hands! You will produce several images and I will provide a matt for your favorite piece. Materials fee includes starter set of 6 tubes of ink, 48 sheets of rice paper, and a gelatin plate, which you can take home and keep using. A great parent/child activity.

Instructor: Carol Dunn

Fused Glass Pendants

3 weeks • \$65 + \$25 materials

TUESDAYS 6-8:30PM

Oct 13 - 27 **JJ-FGP3**

Beginners will learn the basics and Intermediates will take fused glass to the next level using wire, glass noodles & frits. Take home several beautiful finished pendants!

Instructor: Jennifer Johnson

Beaded Jewelry

1 day workshop • \$30 + materials

THURSDAY, SEPT 24 • 6-8:30PM **EW-JWL3**

THURSDAY, DEC 10 • 6-8:30PM **EW-JWL4**

Design and create a beaded necklace and earrings as time allows. Use crimp beads, headpins, learn to attach clasps, charms or use wire wrapping to embellish. A variety of glass, semi precious stone beads, sterling silver and gold filled will be available.

Instructor: Erin Wraichette

- NEW -

Duct Tape Wallets

1 day workshop • \$30 + materials

SATURDAY OCT 24 • 9AM-12PM **EJ-DCT**

Learn basic techniques to create wallets, checkbook covers or small purses with duct tape! Many colors of duct tape to choose from, or use clear duct tape and create your own design on paper.

Instructor: Erin & Jessie Wraichette

Fused Glass Cabs & Components

2 weeks · \$45 + \$25 materials

10% discount when you register for both Fused Glass Cabs & Components and PMC classes!

MONDAYS 6-8:30PM

Sept 21, 28 JJ-FGC2

Attention jewelry & PMC artists- this class focuses on creating elements to be used in your handcrafted jewelry. Learn to fuse glass to form small cabochons to use in PMC designs, wire wrap or make into earrings. Design focal elements for necklaces or to use in your beadwork. I'll show you how to melt the glass, you then can take it to the next level.

Instructor: Jennifer Johnson

- NEW -

Hot Mosaic

1 day workshop · \$30 + materials (approx. \$25)

THURSDAY, NOVEMBER 12 · 6-9PM

JJ-HOT

Create a glass tile by assembling a colorful mosaic design. All tiles will be kiln fired to fuse the glass pieces creating a "Hot Mosaic". Expect to complete one tile up to 5"x5". Artwork will be available to pick up the following week.

Instructor: Jennifer Johnson

The Chakra Series on the "Wheels of Life"

9 weeks · \$30 per class

THURSDAYS 6-8:30PM

Sept 24 - Nov 5, 19, Dec 3 KB-CHK

These classes are designed as a detailed introduction to the chakra system, what it is, and how it works. Each class will be devoted to a different chakra and will discuss color, shape, size, locations, what balance is needed, foods to eat, crystals to use to provide health to this chakra. There will be meditations and exercises given in each class to assist students in learning. Informative as a series or individual classes. First class is required to participate in classes individually.

Instructor: Karen Bruscini, RN, BSN, HTCP

Exploring Your Energy Field

1 day workshop · \$30

SATURDAY, SEPT 12 · 10AM-12PM KB-EEF

Ever experience goose bumps, a chill, or a rush of adrenalin walking into a crowd or a room? Wonder what that was? Explore the possibilities of your own energetic being. Play with your energy field, learn to ground and center yourself and use this technique in your daily life. Check out your energetic potential. This is a fun basic class that is a stepping-stone to further exploration.

Instructor: Karen Bruscini, RN, BSN, HTCP
